

November 04, 2010

TO: ALL OFFICERS & MEMBERS  
FROM: EXECUTIVE DIRECTOR  
SUBJECT: ESKRIMA TEMPLE

In January, we will begin construction of the ESKRIMA SHRINE atop the Busay Mountain west of Cebu City. The site is located some 20 minutes from the City, and is adjacent to the Doce Pares Adventure and Training Park. GM Diony has already allocated a seed money of \$10,000 as initial budget. He commits a portion of the income from the Adventure Park to sustain the construction which we hope of a substantial completion during the Doce Pares World Championship in July next year.

This Landmark project will be our monument to the art of Eskrima, and definitely will be our imperishable contribution to its development which will absolutely make our members very proud of our organization.

We hope everybody will join us in this monumental undertaking as we need all support and inspiration to be able to succeed.

Since we need all our resources for this project, we hope all members to update payment of their dues i.e., membership, Blackbelt and Affiliation fees.

Gerald O. Cañete
